I like to consider myself an artisan. I am a FrontEnd Dev., graphic designer and tattoo artist because it is the way to materialize my ideas and share them with others. Each stroke, each vector, each line of code created are a form of self-expression focused on a client, and truly, I promise you... there is nothing more amazing than knowing that you have made someone happy by giving them what they need.

EDUCATION

Laboratoria: Front-End Web Development. 2022-2023

Universidad Autónoma de México: Bachelor's degree in Graphic Design 2010-2015

WEB DEVELOPER PROJECTS

Developed and implemented several related projects, these include JavaScript, CSS, HTML and some other technologies; each of them of different complexity, always based on the SCRUM methodology.

BURGER QUEEN (IN PROCESS) | HTTP REQUEST | ANGULAR | TYPESCRIPT | JAVASCRIPT | BOOTSTRAP | SCRUM

- SPA designed as a tool for a fast food restaurant where waiters and kitchen can create orders, review them, mark orders made and delivered.

MDLINKS | NODEJS | JAVASCRIPT | JEST | GIT | NODE-FETCH | SCRUM

- I made a tool to identify and read .md files, extract the links found in them, validate them and get some statistics.

SOCIAL NETWORK | CSS | JAVASCRIPT | JEST | GIT | FIREBASE | SCRUM | HTML5 | FIGMA | FIRESTORE

- I developed a SPA. It is a social network for Petlovers; It allows the user to create an account, enter, make posts, delete and edit their posts..

DATA LOVERS | CSS | JAVASCRIPT | JEST | GIT | SCRUM | HTML5 | FIGMA | TRABAJO COLABORATIVO

- I made a dynamic web page where through the consumption of data an interface is created that allows to see, filter and order the information.

PROFESSIONAL EXPERIENCE

Graphic Design

2016 - Present

Freelance

I am in charge of making graphic materials for different clients. Most of them are ads for social networks, the design and formation of interiors and exteriors of books, etc. Since 2017 I have been managing the graphic identity of a Yoga School, giving them an average of 40 images per month that are used on their social networks.

Tattooist

2019 - Present

Freelance

I make permanent tattoos according to what is requested by the clients, whether it is a specific design that they bring or I do the sketching and design proposals directly.
